

### TIME TO COMPLETION FORM (Appendix)

Student: \_\_\_\_\_ x \_\_\_\_\_  
(print name) (signature)

To be appended to the regular committee form.

Any student who has successfully completed their reclassification/qualification exam may opt to use this form at any time during their degree.

However, inclusion of this form is mandatory once a PhD student has spent a total of 4 years in the Immunology graduate program (2 years post-exam).

#### 1. Tentative outline of thesis:

First data chapter:

Second data chapter:

Third and other data chapters (if relevant).

#### 2. Specific experiments that are required for completion:

First data chapter:

Second data chapter:

Other:

#### 3. Specific experiments or writing recommendations for the next committee meeting:

First data chapter:

Second data chapter:

Other:

***A date for the next committee meeting must be set and recorded on the committee meeting form. After spending 4 years in the program, students must have a committee meeting every 6 months.***
