

MESSAGE FROM THE CHAIR, DR. JUAN CARLOS ZUNIGA-PFLUCKER

Welcome back!

Before we start another IMMazing year, I need to first Thank Prof. **Jennifer Gommerman** for her great leadership as Acting Chair (Jan – Jul 2022), the Department could not have been in better hands. I am very happy to be back for another year as Chair. During this period, we will be putting together our Departmental Self-Study for the upcoming 5yr review in March 2023. In anticipation, I thank all Immunology members for your help in the process.

Please join me in welcoming three new faculty members to our Immunology community:

S. Ray Amith, Assistant Professor, Teaching Stream
Veronique Miron, Professor (St. Mikes Hospital)
Anastasia Tikhonova, Assistant Professor (Princess Margaret, UHN; & Dept. of Med. Biophysics)

My congratulations to all our recent MSc and PhD graduates, and those that completed their PhD Qualifying Exams.

I am looking forward to our upcoming Annual Departmental Summer Retreat. Technically, Sept 11-12 are still part of Summer, but this new Fall timing will also allow us to welcome all our incoming MSc and PhD graduate students and reconnect after two-years of missing out in seeing each other at the retreat.

Then there is the return of in-person Graduate Student Seminars and the Charles Gould Easton Seminar series, which will help re-establish our cherished Monday routine, as we all participate in these wonderful learning and community building experiences. I wish all a wonderful start of the new academic year.

UPCOMING EVENTS

Department of Immunology Summer Retreat

September 11 – 12, 2022 at Fern Resort

We are very excited to introduce our two keynote speakers this year! We are honoured to have Dr. Keke Fairfax from University of Utah and Dr. Janet Markle from Vanderbilt University Medical Center to join us at the retreat.

Dr. Keke Fairfax

“Using Helminths to expose the role of pathogens in modulating host immune development”

Dr. Janet Markle

“Lessons in human immunology learned from rare genetic diseases”

CHARLES GOULD EASTON SEMINARS

We have a total of 24 Easton Seminars scheduled for 2022-23 Academic year. Please check our website for details.

Monday, September 19, 2022

11:05 am at MSB 2170

Sonya MacParland, PhD

Associate Professor

Departments of Immunology, and Laboratory
Medicine and Pathobiology

Canada Research Chair in Liver Immunobiology
Toronto General Research Institute

**Seminar Title: Mapping the Human Liver
Microenvironment in Health and Disease**

Host: J.C. Zúñiga-Pflücker, Ph.D

September 26, 2022

Monday, September 26, 2022

11:05 am at MSB 2170

[John Teijaro, PhD](#)

[Associate Professor](#)

[Department of Immunology and Microbiology](#)

[The Scripps Research Institute.](#)

Seminar Title: Myeloid reprogramming by JAK inhibition enhances checkpoint blockade therapy in mice and humans.

Host: David Brooks, PhD

SEPTEMBER SPECIAL SEMINARS

Thursday, September 29

11 a.m. at MSB 7231

[Rachel Golub, PhD](#)

[Professor of Immunology](#)

[Université Paris Cité](#)

[Research group leader in Institut Pasteur, unit of](#)

[Prof. Ana Cumano](#)

Seminar Title: NK cell-poiesis , an active process during steatohepatitis

Host: Arthur Mortha, PhD

SEPTEMBER STUDENT SEMINARS

Mondays, 10:00-11:00 at MSB 2172

September 19, 2022

Title: TBD

Jawairia Atif

(MacParland lab)

Title: TBD

Giuliano Bayer

(Philpott/Girardin labs)

Title: TBD

Sarah Colpitts

(Crome lab)

Title: TBD

Shilan Dong

(Ehrhardt lab)

* Title will be updated to our website when it is available.

GRADUATE PROGRAM UPDATES

Congratulations!

PhD Qualifying Exams

Aniqa Khan (Robbins lab) – June 2, 2022

Diana Nakib (MacParland lab) – June 2, 2022

Boyan Konstantinov Tsankov (Philpott lab) – June 6, 2022

Salma Sheikh-Mohamed (Gommerman lab) – June 7, 2022

Marie Christine Perry (Danska Lab) _June 7, 2022

Zoha Faheem (Wither lab) – June 8, 2022

Sinhuja Jegatheeswaran (Crome lab) – June 9, 2022

PhD Grads

Dr. Adrian Kuiper (Gehring lab) – June 13, 2022

Dr. Mahmoud El-Maklizi (Guidos lab) – June 15, 2022

MSc Grads

Jamal Al-Refaee (Martinu lab)

Bettina Camara (Yeung lab)

Rashi Gupta (Wither lab)

Natasa Ilincic (Martin lab)

Erika McCartney (Wall lab)

Nanyikun Zhao (Juvet lab)

Faustina Lau (Mortha lab)

Gavin Li (Martin lab)

Claudia Ritzker (Wall lab)
Melika Shirdarreh (Martin lab)
Anita Tia (Zuniga-Pflucker lab)
Daniel Zangrando (Martin lab)

Reese Whittaker (Juvet lab)
Vivian Xie (Gommerman lab)

PhD Students

Jennifer Ahn (rotation)
Maye Cheng (rotation)
Sai Chung (MacParland lab)
Mahdieh Golzari-Sorkheh (Zuniga-Pflucker lab)
Ash Hagerman (Robbins lab)
Jacob Johnson (rotation)
Mohammad Khakpoor-Koosheh (rotation)
Alex Lac (rotation)
Siavash Mashhoury (rotation)
Erika McCartney (rotation)
Jinny Tsang (rotation)
Alara Tuncer (rotation)
Grace Visser (rotation)
Cindy Wei (Hirano lab)

MSc Students

Melanie Bercovitch (Rojas lab)
Eryn Bugbee (Gommerman lab)
Felice Chun (Woo lab)
Oliver De Sa (Philpott lab)
Beth DeConinck (Dunn lab)
Riley Dow (Cybulsky / Jongstra-Bilen lab)
Cora Geiger (Wall lab)
Ingrid Hseih (Serghides lab)
Mariane Jeong (Mortha lab)
Zhenyu Li (Mallevaey lab)
Lewis Liu (Dunn lab)

WIDE (Wellness, Inclusion, Diversity, and Equity)

Hello from your DoI WIDE Committee!

We're looking forward to welcoming everyone back in three dimensions this year, and can't wait to see you all soon!

With Dr. Nana Lee on sabbatical for 2022-23, Kate Sedore will be taking on the role of Acting Chair of the WIDE Committee. We are happy to welcome back all our returning members, and would love to hear from anyone interested in joining forces with us to promote Wellness, Inclusion, Diversity, and Equity within the department. Please email Kate at graduate.immunology@utoronto.ca if interested.

To kick off the year, WIDE will be running an interactive activity at the Departmental Retreat. Hope to see you there! More details to come.

We will also be having our first meeting of the year very soon, to set our goals for 2022-23 based on the results of our survey. Thank you all for your participation, in telling us what WIDE initiatives are important to you, and what you'd like to see from us this year.

Stay well, stay safe, and Do Immunology! 😊

IGSA

Welcome back to another academic year, Immunologists!

We hope you had a lovely summer. We had some great weather over the past few months, and IGSA has been lucky to have been able to take advantage of it.

In June, our social representatives Meggie, Robyn and Kameel organized an outdoor patio pub night to celebrate the end of the school year for graduating Masters students and Fundamental Immunology students who completed their qualifying exams. Congratulations to everyone who has successfully reached these landmarks! We look forward to your upcoming scientific achievements.

In July, our social reps also organized a picnic on Toronto Island, where students were able to come out and enjoy some time outdoors and carry on the departmental tradition of visiting the islands over the summer.

In addition to social events, our sports representative Natalia coordinated the summer intramural league for ultimate frisbee. Our departmental team, the Immunodominators, finished third place overall! Huge congratulations to the team!

Back by popular demand, our wellness representative, Baweleta, has hosted a second session of dog therapy in July. Students came and cuddled up with our adorable furry guests. We hope everyone had a great time!

To wrap up the summer, our social reps have hosted a Karaoke night at the end of August. From singing your heart out to watching your fellow immunologists break into musical numbers, we hope everyone had an evening to decompress!

Coming up in September is our annual departmental retreat and it is back in person! We look forward to seeing everyone! We are excited to reconnect with everyone and meet our incoming graduate students :) It's going to be a great time, so grab your mask and we will see you there!

We wish you all an incredible academic year ahead!

Stay well and safe,

Tiff & Kitt

IMMSA

Dear Immunologists,

Excited for the new school year? Summer is coming to an end, and we hope you guys get to relax before school starts. As things are going back in-person, we have several exciting events lined up. We can't wait to see your faces on campus! But before that, make sure to check out our Instagram (@immsta) as introductions of the new IMMSA team have been posted. Introductions of our IMM professors and undergrad courses will be posted soon, so keep an eye on them! Additionally, check out our Facebook page (@immsa.uoft) as we will start posting information about our events.

Here are the events we plan to hold in September-

First, the Clubs Fair will be held on September 7th for over 300+ UofT clubs to introduce their unique culture and events. We will have flyers and snacks for you to grab, as well as the IMMSA mentorship signup sheets for those who are interested in making more friends within the IMM community. Make sure to come and chat with us!

Second, the IMMSA Mentorship Program sign-up sheet will be posted in early September. This program is a great opportunity for first and second-year students to gain UofT and IMM academic and social advice and answers from upper years. By joining the program, mentees can learn about research opportunities, post-grad careers, and more, and mentors can learn how to effectively pass on information and strategies to new students. This year, we hope to pair one mentor with more than one mentee so mentees can make new friends while feeling less awkward. We are also planning on pairing two mentors with three mentees so mentees can learn from mentors with different stories and perspectives.

Third, the Immunology Welcome Back Lunch will be held in the last week of September (date to be determined). This is a great chance for students to interact closely with the IMM faculty members, learn more about the IMM program and research, and be more involved in the UofT IMM community. If you are too shy to say hi to your professors during class, come join our event and chat with our friendly (not scary) professors!

Fourth, the IMMSA Fall Elections will be held. The available positions are deputy finance director, director of external affairs, and second-year rep. If you are trying to be more involved in the IMM community and to work with the IMM faculty more closely, make sure to sign up. We look forward to seeing some new faces on the team!

Stay updated on our socials and good luck in the upcoming school year!

Cheers,

Vicky Xie and Momo Lin
