Post-Doctoral Fellow Position in B Cell Biology
Department of Immunology, University of Toronto
Toronto, Canada

A Postdoctoral Fellow position is available in the laboratory of Dr. Alberto Martin. The successful applicant will join a research team studying B cell biology and the DNA repair pathways that are associated with the production of antibodies. The candidate is expected to work in these or related fields of research.

The applicant will be employing technical skills in molecular biology and tissue culture and will use a variety of in vivo models including unique knock-out mouse models. The successful candidate will be joining a young, dynamic environment within the Medical Sciences Building at the University of Toronto comprised of investigators studying cancer, cell biology, and mucosal immunology at both a molecular and in vivo levels. University of Toronto is located in downtown Toronto, a multicultural world class city.

The postdoctoral applicant must have recently completed a PhD or equivalent in the Biological Sciences and have developed technical skills and knowledge that are suitable for the project. Applicants should forward a CV and a statement of research interests by e-mail to: alberto.martin@utoronto.ca. Visit the following website for more information on the Martin lab: http://www.albertomartinlab.ca/

Diversity Statement
The University of Toronto is strongly committed to diversity within its community and especially welcomes applications from racialized persons / persons of colour, women, Indigenous / Aboriginal People of North America, persons with disabilities, LGBTQ2S+ persons, and others who may contribute to the further diversification of ideas.

As part of your application, you will be asked to complete a brief Diversity Survey. This survey is voluntary. Any information directly related to you is confidential and cannot be accessed by search committees or
human resources staff. Results will be aggregated for institutional planning purposes. For more information, please see http://uoft.me/UP.

Accessibility Statement
The University strives to be an equitable and inclusive community, and proactively seeks to increase diversity among its community members. Our values regarding equity and diversity are linked with our unwavering commitment to excellence in the pursuit of our academic mission.

The University is committed to the principles of the Accessibility for Ontarians with Disabilities Act (AODA). As such, we strive to make our recruitment, assessment and selection processes as accessible as possible and provide accommodations as required for applicants with disabilities.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
